16	Backing Tracks R

Band will provide IEM Rig consisting of 16 channel stage snake, into a 16 channel RTS Splitter. If house provides sound, the band will send split tails as listed to the left to the main board.

Monitor Requirements:

Band will run IEM Monitors through it's own IEM Rig.

Acoustic Shows:

For all acoustic shows, whether Duo or Trio, the band is able to provide our own sound including PA, stands, microphones and cables.
